The new [Joomla Community Portal](#) is now online. The Joomla Community Portal is a new web site for the Joomla community. There you will find a constant source of information about the activities powering the Joomla Project, learn about [Joomla Events](#) worldwide, and see if there is a [Joomla User Group](#) nearby. A new, monthly [Joomla Community Magazine](#) promises an interesting overview of project activities, community accomplishments, and learning material.

The [Joomla Community Magazine](#) promises to be a must read each month. Community members will take turns sharing cool Joomla 1.5 Web sites, Joomla 1.5 GPL extensions, event information, involvement opportunities, and articles about local communities.

The new [JoomlaConnect™](#) brings together tons of Joomla news from all over the world in your language. Get the latest and greatest by clicking [here](#) .
